Joint Initiative Council

JIC open Forum
Quality Labelling of Digital Tools
30 November 2022

Agenda

Transcending national boundaries and organisations, the Joint Initiative Council's standards development organisations work collaboratively to provide global, coordinated—not competitive—standards that address real-world healthcare issues. In its recently released white paper, the JIC explores the desired future of a digital health ecosystem where high-quality data is available to the right people, at the right place and at the right time for high-quality decisions and care.

Session 1
JST 3 pm - 5 pm | PST 10 pm - 12 pm on 29 November | EST 1 am - 3 am | GMT 6 am - 8 am | CET 7 am - 9 am
